From Young People

- Experiences - 
- How to help - 
- Protest Art placards
- Song lyrics - 

Activity 1

Using either scenario A or B.

Discuss the following questions on your tables

1. How might this scenario affect a young person's experience of love or relationships?
2. How might the young person be better supported?

Activity 2 – Way's forward

Drawing on the earlier scenario and thinking more widely about your role or the system as a whole:

1. Identify the barriers to better love and relationships for young people.

Write these down on the barrier notes: 

2. Come up with some ways forward to better support young people.

- Share something you already do – best practice 

- An idea of something you could change in your own practice, or something you'd like to see across Wales. 

From Young People: It's the little things.....

- Be there
- Don't cancel on us
- Appreciate us
- Celebrate our achievements
- Accept us for who we are
- Make time for us
- Listen
- Involve us in decisions

What's love got to do with it? Young people's perspectives.
